Senator John Cornyn,

What is your position on Article V of the U.S. Constitution?

Do you think Congress and the Supreme Court have the right to veto and ignore the states' and the peoples' right to an Article V Convention? Already, the legislatures of ALL 50 states have made 567 requests on things ranging from Term-Limits, Balanced-Budget-Amendment, to Tax Reform.

Please let me know.

Thank you,

Daniel Summars
